WATERBORNE VARNISH IS BACK!

Introducing our newly formulated, fine art Waterborne **Gloss** Varnish.

We've been fielding artist requests for a waterborne varnish ever since a raw material discontinuation halted production of Polymer Varnish [items 7710, 7715 and 7720] in 2021. Today we are excited to introduce our newly formulated Waterborne Varnish to meet these artists' needs.

Varnish provides a layer of protection that resists retention of dirt and dust. A true "varnish" can be removed to facilitate cleaning, and Waterborne Varnish is removable in addition to containing Ultra Violet Light Stabilizers [UVLS] to provide protection from exposure to sunlight.

Our Waterborne Varnish is for use on interior acrylic paintings and can be applied without the need for harsh solvents for thinning, cleanup or removal, or the ventilation and other precautions necessary when working with mineral spirit varnish.

- Removable
- UVLS Protection
- Resists dirt and dust
- No need for harsh solvents

ITEM #	DESCRIPTION	SIZE	SER.	UPC	LIST PRICE
0183GWV	Gloss Waterborne Varnish	4 fl. oz. / 118 ml	E	738797771147	\$21.40
